First Baseline is the debut collection of Rawenridge — marking the beginning of a new chapter. Designed and created by founder Severin Koenig, it carries the traces of a journey that reaches far beyond fashion.

First Baseline is the debut collection of Rawen-ridge—the start of a new chapter. Designed by founder Severin Koenig, it distills a journey beyond fashion into clear forms: art as attitude, clothing as statement. Letting go sharpens the view ahead. Rawenridge stands for chance and courage. May art prevail—even in freefall.
